

**International Scientific Conference  
on Sustainable Development  
& Ecological Footprint**

26 – 27 March 2012 • Sopron, Hungary

Organized by the University of West Hungary

**Second Announcement**

Dear Colleague,

It is a great pleasure for us to invite you to participate in the International Scientific Conference on Sustainable Development - Ecological Footprint (Nyme TÁMOP 4.2.1/B), which will be held in Sopron, Hungary, 26-27 March 2012.

As you have learned from our first announcement, the purpose of the conference is to provide a forum for discussion of current research, new achievements and practical applications in connection to sustainable development regarding the impact of urbanization, industrial, agricultural and silvicultural technologies on the natural environment.

This is the second announcement to be mailed to all those who have registered for the conference, who intend to attend it and/or have submitted abstracts of oral and/or poster presentations. We would like to inform you that the abstracts have been reviewed and decision has been made on which of them can be accepted.

The final program of the conference (listing all accepted presentations), information on formal requirements for oral and poster presentations and also for full papers (to be published in the digital conference proceedings) is now available on our updated conference website: <http://footprintconference.nyme.hu>.

Full paper versions of accepted oral and poster presentations should be uploaded onto the conference website until 14 March 2012, allowing us to prepare the digital conference proceedings before the conference starts. In order to make posters accessible to participants after the conference, we kindly ask you to upload poster presentations in PDF format by 25 March 2012.

**Important:** AUTHORS MUST BRING THEIR PRINTED POSTERS WITH THEM. The organisers will not print the posters. Authors with posters should register by 9:00 AM on Monday, 26 March 2012, allowing mounting of posters before the start of the opening session. Slides of oral presentations have to be copied to the section presentation notebook (and tested at least 10 minutes) before the session starts.

Attached please find an information form that should be sent to [jujvari@inspire.hu](mailto:jujvari@inspire.hu) by 5 March 2012.

For further information, please feel free to contact Ms Márta Sándor at:  
Phone: +36 99 518 210  
E-mail: [footprintconference@nyme.hu](mailto:footprintconference@nyme.hu)

**We look forward  
to meeting you in Sopron!**
